INDIANA UTILITY
REGULATORY COMMISSION

CAUSE NO. 42501

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") makes the following entry in this Cause:

On August 26, 2003, Access2Go, Inc. ("Petitioner") filed a Petition seeking a Certificate of Territorial Authority to provide certain telephone services. On September 29, 2003, Petitioner filed its *Verified Motion to Amend Petition for Certificate of Territorial Authority* ("Motion"). In the Motion, Petitioner seeks to add to the services for which authority has already been requested in its Petition the authority to provide facilities-based interexchange intrastate services to customers throughout the State of Indiana.

Commission rule 170 IAC 1-1.1-8(b) governs amendments to petitions, and states:

Petitions and complaints may be amended or supplemented upon written or oral motion. Leave to amend a petition or complaint shall be freely granted upon failure of any other party to the proceeding to demonstrate undue prejudice. If the amended or supplemented petition or complaint seeks relief substantially different than that originally prayed for, the caption of the petition or complaint shall be revised to accurately describe the relief being sought and republication or renotification of any

previously noticed hearing may be required by the commission.

The presiding Administrative Law Judge, having considered the Motion, hereby grants the Motion. The Petition filed in this Cause on August 26, 2003, should be amended to include wherever appropriate, including in the prayer for relief, the following additional relief sought by Petitioner: authority to provide facilities-based interexchange intrastate services throughout the State of Indiana.

In addition, since this amendment adds a separate service not identified in the caption of the Petition filed on August 26, 2003, the caption of this Cause is hereby amended to include this additional service. The caption of this Cause is amended to read as follows:
